- ▶ Result

- Dedicated Patient Scholars announcement site
- Revamped application
- New tiers for attendance
- Eligible multiple years
- Engagement of Scholars
 - Strategic projects and throughout the year
 - To raise awareness

Patient Scholars Program 2022

CALLING ALL PATIENT PARTNERS

DIA has opened its Patient Scholar Application!!

The DIA Patient Scholars Program exists to provide educational experiences through a project, grant, or professional source. In addition, patient scholars may participate in unique opportunities to advance understanding of the value of patient engagement in medical product development across the industry.

If this interests you or you know a great candidate, please, don't hesitate to share this information with them!!

DIA/Tufts CSDD study – Patient Steering Group

Ongoing Study:

- Focuses on developing evidence to support the adoption of patient inclusion in the drug development process.

Patient Scholars Involvement:

Advisory panel

Knowledge of DIA

Input and
feedback

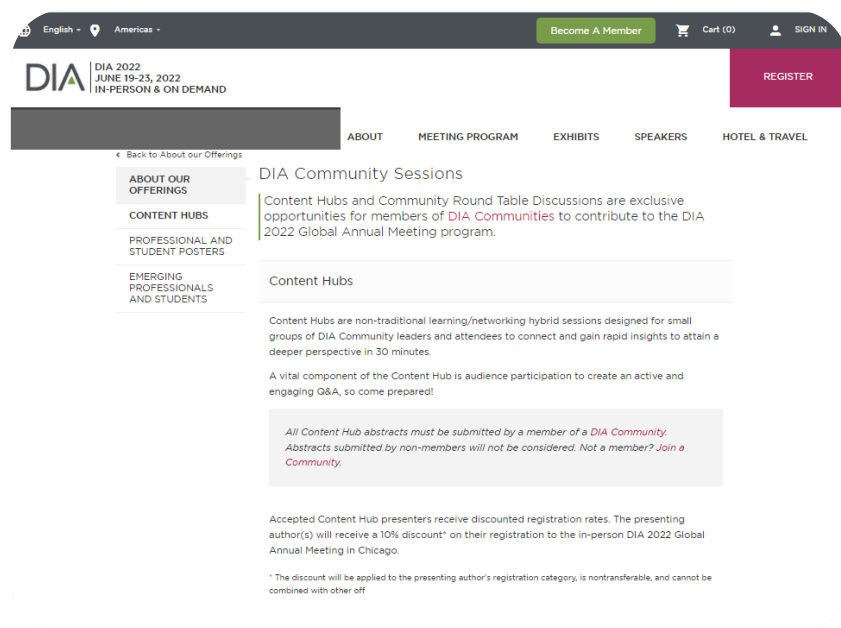

Interest in
research
